

CRITICAL CARE IMAGING INTERPRETATION

A comprehensive overview of X-Ray, Ultrasound, CT, and MRI imaging interpretation of commonly encountered disease in the critical care setting.

COURSE OVERVIEW

A comprehensive overview of X-Ray, Ultrasound, CT and MRI imaging interpretation of commonly encountered disease in the critical care setting. Each module comprises a lecture followed by quizzes and an interactive case review session across X-Ray, Ultrasound, CT and MRI to consolidate fundamental principles of imaging interpretation.

This course has been designed for radiology registrars, emergency and ICU physicians, surgical registrars, junior doctors and radiographers.
