

## X-RAY | UPPER + LOWER LIMB INTERPRETATION

Lightbox presents a custom instance of upper and lower limb X-Ray Interpretation in collaboration with Global Pacific Medical.

### COURSE OVERVIEW

This custom Lightbox course provides a comprehensive overview of upper and lower limb x-ray interpretation. Engaging lectures followed by interactive case review sessions to reinforce the fundamental principles of imaging interpretation.

The goal of the course is to provide practitioners with the knowledge and confidence to recognise radiographic patterns of trauma and injury commonly encountered for each module of anatomy.
