

## ULTRASOUND | CRITICAL CARE WORKSHOP

This course is designed for those working in the critical care setting.

#### **COURSE OVERVIEW**

This intensive two-day course is designed to meet ACEM credentialing requirements for those working in critical care settings. Our expert faculty of emergency physicians and sonographers will provide comprehensive hands-on training to improve your scanning skills and confidence in machine operation, image acquisition, and interpretation of common critical care pathologies.

The course has pre-course lectures to complete online followed by our face to face 2 day intensive hands on workshop where you will be supervised in performing scans on live models. Limited places available and 1:4 hands-on training.

#### RECOMMENDED PRE-COURSE READING

- 1. Manual of Emergency and Critical Care Ultrasound, Second Edition
- 2. Emergency Ultrasound, Second Edition

#### 2025-26 COURSE DATES

NOOSA 8-9 November, 2025

SYDNEY 20-21 June, 2026

COURSE CURRICULUM			
MODULE 1	BASIC PRINCIPLES OF ULTRASOUND Techniques + Terminology		
MODULE 2	ULTRASOUND OF THE CHEST Pneumothorax & pleural effusion, Ultrasound guided pleurocentesis		
MODULE 3	BASIC ECHOCARDIOGRAPHY Pericardial Effusion & Tamponade		
MODULE 4	FAST TECHNIQUES		
MODULE 5	ULTRASOUND OF THE VASCULAR ABDOMEN AAA & IVC Scanning		

MODULE 6	ULTRASOUND OF THE ABDOMINAL VISCERA Liver, Gall Bladder and Biliary Tree		
MODULE 7	ULTRASOUND OF THE ABDOMINAL VISCERA Spleen and Pancreas		
MODULE 8	ULTRASOUND OF THE RENAL TRACT		
MODULE 9	ULTRASOUND OF THE FEMALE PELVIS AND 1ST TRIMESTER		
MODULE 10	ULTRASOUND OF UPPER AND LOWER LIMBS DVT		
MODULE 11	INTERVENTIONAL TECHNIQUES Ultrasound guided central line insertion – Internal Jugular vein, Femoral vein, PICC lines

# Lightbox Ultrasound Workshops

### Practical Skills, Real Results.

Elevate your ultrasound proficiency with our focused workshops. We combine essential online learning with intensive live patient scanning.

Master machine orientation, image optimisation, and artifact recognition under expert sonographer guidance. Gain practical feedback and learn to confidently apply ultrasound in your clinical practice.

Point of Care Ultrasound (PoCUS) Workshop

1 day

Foundational Ultrasound Skills.

Suitable for Interns, Junior House Officers, Senior House Officers, Registrars, General Practitioners, Rural and Remote Physicians, Nurse Practitioners and Physiotherapists.

Critical Care Ultrasound Workshop 2 days

Enhance diagnostic proficiency.

Suitable for ICU Physicians, Emergency Physicians, Anaesthetists, Sonographers, Registrars and Interns with foundational ultrasound skills.

Medical & Surgical Ultrasound Workshop

1 day

Our most advanced Ultrasound

Suitable for beginner sonographers, Clinical Lead Ultrasound (CLU's), Emergency Physicians, rural and remote practitioners.

Ready to elevate your ultrasound skills? Visit our website to explore our workshop schedule and register today.
