NEW COURSE FORMAT

CT | Acute Medical + Surgical Interpretation Essentials

New format and content makes our CT course an essential addition to your diagnostic skill set. This interactive 1 day course covers acquisition, normal variations, patterns of disease and pitfalls in CT imaging of the head, chest, abdomen and pelvis.

Case reviews for each module reinforce fundamental learning objectives. Our goal is to give participants the knowledge and confidence to interpret CT findings commonly encountered in acute clinical settings.

This course has been designed for critical care physicians, surgeons, general practitioners, registrars, house officers, interns and radiographers. This new CT course will be held in Brisbane, Sydney, Melbourne, Cairns, Perth, Queenstown and Noosa in 2020.

NOOSA
